

Trade in and power up! Exclusive \$2,500 trade-in credit

Komatsu is offering an exclusive \$2,500 trade-in credit when you switch from an LP or diesel forklift to a new Komatsu electric forklift. Simply trade in your used internal combustion (IC) truck and make the move to high-efficiency electric power.

Why switch to electric?

Control operating costs

Electric forklifts have fewer moving parts, helping to control maintenance costs.

Fuel savings

No more spending on LP tanks or diesel fuel—electric charging helps drive cost reductions over time.

Limited-time offer*

Don't miss this opportunity to trade in your old LP or diesel forklift and get \$2,500 toward a brand-new Komatsu electric forklift. Upgrade today and start saving!

This special program starts now and runs through March 31, 2026.

Zero exhaust

Drive your sustainability goals with zero-exhaust electric forklifts. Great for indoor operations!

Quiet and smooth operation

Electric forklifts are designed to run quieter and produce less vibration, helping to create a more comfortable work environment.

Enhanced efficiency

Instant torque and precise control help drive productivity in material handling applications.

Avoid fueling downtime

Opportunity charging allows you to recharge during breaks, keeping your fleet running efficiently.

Enhanced lifespan

Electric forklifts are designed to last longer than IC models, helping enhance your return on investment.
